REQUEST FOR ACKNOWLEDGEMENT OF PRIORITY DOCUMENT

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Service Window, Mail Stop
Randolph Building
401 Dulany Street
Alexandria, VA 22314

Dear Sir:

The patent application identified above was allowed on June 29, 2005. Throughout the lengthy prosecution history there was never an acknowledgement of receipt of the priority document, only of the priority claimed. In fact, the priority document was filed simultaneously with the patent application.

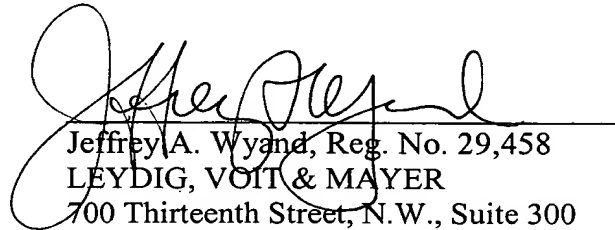

A consultation with the Image File Wrapper indicates that although the application as filed, with a Preliminary Amendment and other documents, was at least twice recorded within the Image File Wrapper, apparently the priority document was misplaced.

As proof of the filing of the priority document, attached are two postcard receipts, one bearing the date stamped upon the hand delivery of the patent application and the second being mailed after the application of a label indicating the application number. Both postcard receipts demonstrate that the patent application was filed with the priority document. As we do not retain a complete copy of the priority document, we are unable to supply a complete copy. However, attached are three photocopied pages of the priority document, the pages for which record copies were retained, further demonstrating that the priority document was filed with the patent application.

In re Appln. of Takayuki MIMURA
Application No. 09/714,267

In view of the proof of the filing of the priority document, Applicant now requests
acknowledgement of receipt of the priority document.

Respectfully submitted,
